Dear colleagues,

We are pleased to invite you to participate at the SEVENTH International School and Conference on Photonics – **PHOTONICA2019** to be held in **Belgrade, Serbia, from 26th until 30th August 2019**. PHOTONICA2019 conference will be organized by the Vinča Institute of Nuclear Sciences, Belgrade, Serbia, Optical Society of Serbia and Serbian Academy of Sciences and Arts. This biennial event covers a wide range of various topics in photonics with permanently increasing number of participants and world-renowned names for this field. Our aim is to provide a forum for education of young scientists, to exchange knowledge and new ideas, and foster collaboration between scientists and engineers working within emerging areas of photonics science and technology. Moreover, having in mind that industry is constantly seeking for new technologies, we organize several joint events comprising a blend of fundamental and applied research within the photonics scope in machine learning and physics of synchrotrons. We kindly invite you to visit our website, register and join us!
